## UX/UI PROJECTS

### CONNECT PROJECT - RESEARCH AND DESIGN

Immersion course at CareerFoundry | Sep 2023 - Present

- **Challenge:** Ideate and design a mobile app that connects people with experts and allows them to book a video call to get their questions answered.
- **Process:** Utilized design thinking, competitive analyses, user stories, research, surveys and interviews, personas, user journey map, task analysis, user flows, content auditing, sitemap, wireframing and prototyping, usability testing, UI design, design system, and design collaboration to develop the features in Connect's mobile app.
- **Solution:** A high-fidelity mockup of the expert app with features that allow users to browse for experts, book video calls, chat, and view their upcoming sessions.

### SPARKi PROJECT- RESEARCH AND DESIGN

Intro course at CareerFoundry | Aug 2023 - Sep 2023

- **Challenge:** Design a mobile app that empowers people to learn new vocabulary.
- **Process:** Implemented user and competitor research, user interviews, user needs, user personas, user flows, task analyses, wireframing, prototyping, and usability testing to ideate and design the Sparki app.
- **Solution:** A concept prototype and wireframes of a vocabulary app that enables people to learn in a customized and organized way.

## DESIGN CONTRACTS

### GAME GRAPHICS DESIGNER

Toonidy Project | May 2022 - June 2022

- Collaborated with my client to understand project objectives and develop visual solutions
- Designed paper airplane graphics based on ideas and concepts given
- Ensured the accuracy of all artwork and file format before handoff

### LOGO AND BRANDING

Folly Project | July 2021

- Collaborated with my client to bring their ideas and concepts to life
- Produced a logo and favicon for my client's website based on concepts and specifications provided
- Changed designs according to feedback
- Delivered the logo, favicon, and mascot concept sketches in requested file format
- 1 week turnaround

### BRAND AND GRAPHIC DESIGNER

Kodiak Project | Jan - Feb 2020

- Met with my client to determine project specifications and brand vision
- Developed multiple logo design concepts and versions
- Incorporated feedback from clients into final designs
- Created and delivered the logo, maps, signs, and other printed materials
